Company

PROFILE

Samirika Exports is a pioneer manufacturer and exporter of Builder's Hardware, Fasteners, Art Ware, Decor Ware in Mild Steel, Stainless Steel, Brass and Aluminium from India. It started off with a meager capacity in 1992 but with continual growth and progress, The company is self sufficient to cater to huge volumes. We have three units in NCR and 350 workmen are engaged in production activities.

The company enjoys a strong customer network across the globe and has maintained a very cordial relation with all. It seeks to meet their changing needs by analyzing recent customer trends and feedbacks, and thereafter revising its methodologies and policies to ensure the utmost satisfaction.

SAMIR AGGARWAL
CMD

Introduction

SAMIR Aggarwal, the Chairman of Samirika Exports, founded the company in 1992. He comes from a modest close knit family giving utmost importance to personal integrity. A Law Graduate, He decided to become a businessman by profession.

His strong vision for the company, well complemented by his dedicated efforts propelled the company to success soon after its inception. Today, Samirika Exports boasts an enviable customer base from across the globe and a strong high-tech infrastructure capable for meeting demands of discerning customers.

Samir Aggarwal has laid clear objectives for the company. Customer satisfaction & Quality products being at the forefront of this initiative. He aims to instill a feeling of independence among his employees and workforce, and values every individual's opinion/feedback.

He believes in healthy competition and understands the necessity to be aggressive to combat this competition in the market.

In this rapidly changing albeit challenging business environment, Samir Aggarwal has recognized the importance of change and is therefore dedicated to introducing newer technologies to launch newer products to reach out a wider customer base.

The second generation has successfully been inducted into the company now. Mr. Sahil Aggarwal, elder son of Mr. Samir Aggarwal has taken over the entire Production and Quality management of the company, being a qualified Engineer from the University of Warwick (U.K) and having a Master's in Business Management from the London School of Economics. This young energetic entrepreneur has a broad vision and is inspiring the company in modernization and efficiency in production.

This will ensure that the company excels to be the leader in this field. The younger son, Mr. Tanuj Aggarwal also a qualified engineer from Purdue University (U.S.A.) has recently joined the company and wishes to emulate his father and brother. In coming years, he envisions to take the company to greater heights and explore new markets, innovate new ranges and ensure customer satisfaction ♦

ACHIEVEMENT & AWARDS

Appreciated by numerous awards for delivering excellence, brilliance and quality through our products and service, we have been honored by such as Niryat Shiromani Puraskar, Bhartiya Udyog Ratan Award, All India Achievers Award & Gold Medal, Export Excellence Awards & Trophy, Regional Award and Special Contribution Award.

Certificate of Recognition

Consistency has been a hallmark of our performance over the years, which is also paramount for success in business milieu.

The company has an efficient workforce consisting of high performance achievers who believe in teamwork and camaraderie. The company has been awarded over the years to acknowledge its excellence in exports.

With the constant growth in world trade, we are witnessing a shift in price competition to the concept of quality competition such that only the fittest will survive. Therefore, the company is devoted to introducing newer methods and technologies to adapt to this change and assure its customers of the highest quality in its products.

We conduct complete survey of our customer's requirements to understand the perception from which ultimately we derive our customers satisfaction. Customer's demands are analyzed continuously and accordingly we also revise our policy on the feedback to ensure that our customers are satisfied.

We have developed our expertise since our establishment and our aim is to achieve a high standard and are always committed to achieving satisfaction by use of quality procedures.

We focus on fewer key issues and deliver them with finesse. We put forth some of our common goals – such as:

- | | |
|-----------------------|---|
| Customer Goal | : To ensure customers are satisfied with our dealings. |
| Quality Goal | : Quality is a powerful vehicle and we always strive to achieve and maintain it. |
| Business Goal | : By providing competitive prices and timely delivery. |
| Employees Goal | : Create harmonious environment, where one can take pride in the organization and feel responsible for its success. |

In order to maintain our identity, we always cherish to achieve the goal of upgrading and improved technology and launching new products.
